## 1 Warm up

**In pairs, discuss the questions below.**

1. When was the last time you went to a doctor? What was it for? Did you see a specialist or a GP (General Practitioner)?

2. Have you ever been to the A&E (Accidents & Emergencies) of a hospital? What for?

## 2 Vocabulary 1

**Complete the spaces in the table with the name of a hospital department or specialist. Use a dictionary if you need some extra help.**

| Department | Specialist / Consultant | Main job |
|---|---|---|
| Cardiology | [1] | treating heart diseases |
| [2] | Dermatologist | treating skin diseases |
| Neurology | [3] | treating diseases of the nervous system, brain and spinal cord |
| Paediatrics | [4] | treating children |
| [5] | Psychiatrist | treating mental health problems |
| Physiotherapy | [6] | treating injuries that don't allow people to move or function properly |
| [7] | Radiologist | interpreting X-rays |

## 3 Listening 1

**Listen to five conversations between doctors and patients. What specialist is each one? Choose from the table above.**

1. Conversation 1: _____
2. Conversation 2: _____
3. Conversation 3: _____
4. Conversation 4: _____
5. Conversation 5: _____

### Conversation 5

MRI results normal, possibility of _____[1] ruled out

Painkillers effective, but w/ side effects (patient feels _____[2])

Different medication prescribed

## 5 Grammar

**Read the Grammar Box and complete the sentences with the correct form of the verbs in brackets. What specialist is talking in each case?**

### Grammar Box: Causative verbs

Read the extracts from the conversations. What do the underlined verbs have in common? What is the following structure in each case?

*Let's get some exams done and go from there.*

*I'm going to get you to do some very light exercises...*

*I'll have my secretary schedule a skin biopsy for you.*

*I'm afraid we're going to have some more exams done...*

Causative verbs describe something that someone did for someone else.

1. Sometimes it takes time to get patients to open up about their childhood traumas. (open up) → Psychiatrist

2. We've had a series of X-rays _____, and now I'm going to go over the results with you. (take) → _____

3. I usually have patients _____ mild exercise a few weeks after their operation. (do) → _____

4. We can have your heart operation _____ at the hospital for next week. (schedule) → _____

5. It's easy to get the children _____ – the parents are usually more nervous! (relax) → _____

6. For the brain scan, we need to have the patient _____ completely still for about 20 minutes. (stay) → _____

## 6 Vocabulary 2

**Put the correct words into the sentences.**

| | | |
|---|---|---|
| **bruised** | **dislocated** | **fractured** |
| **gashed** | **scalded** | **sprained** |

1. Giovanni _____ his leg during a skiing accident. The doctor said it was a clean break.

2. Robert _____ his ankle when playing football. He didn't need to go to the hospital, but he couldn't walk properly for a week.

3. Simone _____ her leg on a wire fence. She had to go to the hospital for stitches.

4. Renata _____ her shoulder when she was in a car accident. It really hurt when the doctor put it back in the right position.

5. Celine _____ her hand while she was cooking. She spilled boiling water over it by accident.

6. Anna fell off her bike. She _____ her leg and arm badly, but luckily didn't break anything.

## 7 Speaking 1

**In small groups, create and perform role plays in the following situations. If possible, include causative verbs in the dialogues.**

- **Situation 1**: you are at a consultation with a specialist.
- **Situation 2**: you have suffered an injury and are at the A&E department of a hospital.

## 8 Speaking 2

**In small groups, discuss the questions below.**

1. What's your opinion on hospitals in your country?
2. Do you think that healthcare should be free?
3. What changes should be made to the healthcare system in your country?
4. Are healthcare workers paid enough in your country?
5. Would you like to be a specialist in a hospital? Why/why not?

## 9 Extra vocabulary game

**Follow the instructions below to play Taboo.**

- Form pairs.
- One student chooses a card below and explains the word in the blue box without using any of the words below it (or the word itself).
- The other student has two guesses, then it is their turn to choose a word.

| cardiologist | psychiatrist | radiologist | paediatrician |
|---|---|---|---|
| cardiology | head | exams | children |
| heart | mental | x-ray | doctor |
| disease | therapy | pictures | paediatrics |
| pain | psychiatry | radiology | young |
| **scald** | **dislocate** | **fracture** | **sprain** |
| hot | position | break | hurt |
| burn | painful | bone | serious |
| injury | shoulder | leg | break |
| kitchen | put back | arm | ankle |
